Branch, 7 to 13 January 1961

1. Action Items:

During the past week the following negotiations and discussions were conducted:

- (b) In view of consolidated depot activities on the IDEALIST Program, a day and a half was spent with WSPO personnel determining contract funding ratios as between the Project and FOG for Contractor's spares and services.
- (c) Considerable activity has been required in contractual follow-through for decreased numbers of "O" vehicles and component systems, such as auto pilot and initial guidance.
- (d) Funding requirements and obtaining proposals for the expanded (two additional shorts) ARGON Program has received considerable attention.
- (e) Justification for additional funding for CORONA Prime Program increases and overruns has received fairly urgent attention--particularly in view of fund execution under the CORONA Prime Program.
